**San Jac sets open auditions for melodrama “Lorna’s Love Lost”**

**PASADENA, Texas –** The San Jacinto College Central Theatre and Film Department will hold open auditions for “Lorna’s Love Lost” a melodrama, on Saturday, August 27, 11 a.m. – 1 p.m.

Auditions will be held at 2000 Thomas, at the San Jacinto Crow Theatre Complex on the Central Campus located at 5500 Spencer Highway in Pasadena. Building 13.

Auditioners for the show are open to any one in the community and all are invited to audition for any role. Those interested in participating in the show may also attend and sign up to audition. The cast will include four men and four women. There is also a role open for an audience member to volunteer to play themselves during the show.

**The audience also knows that Harris County Public Health and Environmental Services sends out a biannual letter to homeowners whose wells have been tested for contamination, telling them that a second round of lab tests indicated their water was now safe to drink, or up to wash and cook.

This home totalled almost 100, in Highlands; Lynchburg; and Channelview. Of the 100 that had agreed to have their well water tested, 71 had originally been told to drink their water with their mouth. However, the second letter notified them that an error in the laboratory was the reason for their test results, and a repeat by a different lab had indicated that the water would now be safely used.

**PASADENA, Texas –** Lorna Powell lost her fiancé in a car accident. She’s now trying to raise their daughter. See how the evil villain be stopped? Only the audience knows.

Other plans. Can the hero, Leander Wallace, save the day? Willling desperately to protect his charge, the innocent and pure Lorna Rose. But in the shadows, the mastermind of the diabolical villain, Uriah Blackstone, has other plans. Can the hero, Leander Wallace, save the day? Willing desperately to protect his charge, the innocent and pure Lorna Rose. But in the shadows, the mastermind of the diabolical villain, Uriah Blackstone, has other plans.

Robbers Wanted, CONTINUED FROM PAGE 1

...from his pocket and threatened to use it if he did not give him all the cash on the register. The victim opened the cash register drawer and suspect #1 removed all the cash and handed it to suspect #2. Both sus- pects left the store threat- ening to shoot the victim if he tried to follow them. Suspect #1 was de- scribed as a Hispanic male, weighing approxi- mately 180 lbs., 5’10” tall with short black hair and a black goatee. The sus- pect was wearing a black t-shirt, white tennis shoes and sunglasses.

Suspect #2 was de- scribed as a Hispanic male, weighing approxi- mately 200 lbs., 5’9” tall wearing blue jeans, a gray hoodie, white tennis shoes and a black goatee. The sus- pect was wearing sunglasses and a gray cap, blue jeans, white tennis shoes and black short-sleeve shirt. "Tres- ing to Boost GOKU" written on the front. He also had Texas license on his right hand.

The Channelview Independent School District and all of its campuses earned the approval rating of “Met Standard” under the state’s accountability system for the fourth consecutive year. Under the Texas Education Agency’s State of Texas Assess- ment of Academic Readiness (STAAR) testing system, districts and schools are ranked either “Met Standard,” “Met Alternative Standard” or “Improvement Required.” Campuses earning the Met Standard designation are Aguirre Elementary, Schochler Elementary, McMullan Elementary, De Zavala Elementary, Riorland Elementary, McMillan Elementary, Schleider Elementary and the Barrett-Lee Early Childhood Center.

America’s Refugee Program: A clear and present danger

Our nation’s refugee program is a clear and present danger to the United States of America. Over one year ago, I introduced legislation in the U.S. House of Representatives, H.R. 334, the Resettlement Accountability National Security (RANS) Act of 2015, that would shut down this ineffective program and stop the president’s reckless plan to bring in tens of thousands of refugees from Syria and other radical Islamic hotspots.

America’s refugee program was Singh in 1950 as a private-public partnership between the federal government, the United Nations, and religious organizations whose purpose was to replace refugees of the Holocaust who had left Europe after World War II.

There are currently 50,800 refugees undergoing investigations of ISIS hackers. Those who are brought to the U.S. as part of this program are known as “credible asylum claimants”. If they enter the U.S. under this program, the president has the authority to return them to their country.

We need to look no further than the United States, where the refugee coming into the U.S. is not an immigration, asylum, or refugee program. We need to leave hundreds of American dead.

Remarkably, Hillary Clinton has proposed that if elected president, she will increase the number of Syrian refugees coming to the U.S. from 10,000 to 65,000.

President Obama has admitted that the U.S. is an annual average of 8,000 of the 10,000 Syrian refugees are annual average of only 1,700, even while the attacks in New York, Nara, San Bernadino, Orlando and Ferguson, Missouri prove that terrorism is not the only threat to our security. It is simply a matter of common sense, based on the needs of our taxpayers. We cannot afford to fund the federal program.

Our first duty as Americans is to protect what we value as American security — immediate and future.

But political correctness blinds far too many of our leaders.

In fact, a recent German intelligence report stated that the refugees coming to Germany are the “front line” of jihadists.

The Obama administration has never evaluated the purpose and strategy of the refugee programs. In fact, the Obama administration has never evaluated the purpose and strategy of the refugee programs.

We need to look no further than the United States, where the refugee coming into the U.S. is not an immigration, asylum, or refugee program. We need to leave hundreds of American dead.

This is the first time a U.S. president has ever brought a “credible asylum claimant” to the U.S. under a program.

Goose Creek CISD Convocations provide a new start to the Main School Year

By Susan Passmore

Magic was in the air as more than 2,000 Goose Creek CISD students, faculty and staff members attended the 28th annual Convocation, held in the Sterling Auditorium. During the Convocation, the district honored its educators and students for their accomplishments.

Sterling Auditorium was a special place that day. It was where Karaoke, featuring Randal Lee, Holly Lewallen and Loribeth Walski of Lee, GCM and JROTC members from Goose Creek Memorial, Robert E. Lee and Ross S. Sterling high schools combined choirs from Lee, GCM and JROTC members from Goose Creek Memorial and Goose Creek CISD.

Three important themes of the day were: "We Are Goose Creek CISD," "We Are Up and Dance." "We Are Goose Creek CISD." To begin the Convocation, the combined choirs from Goose Creek Memorial, Robert E. Lee and Ross S. Sterling high schools got Goose Creek CISD's convocation started.

"We Are Up and Dance." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." "We Are Goose Creek CISD." College hosts international auto tech conference

It’s almost back-to-school time. If you have young children going to public school, your biggest expenditure may be new pens, pencils and notebooks. But if your children are among the same kids to go to college someday, you may eventually face consider- able tuition, fees and room and board. So what can you do to prepare now to avoid a future financial strain?

What college savings plan should you consider?

With so many different college savings options available,.idurities aren’t as important and you can delay the final decision until your children reach college age. The rule of thumb is to weigh the tax break against the cost savings and then choose the plan that offers the most benefits for your family.

What will still be the focus of a college savings plan on financial aid?

When college financial aid applications are submitted, the value of assets in your family’s name is considered. If you are thinking about investing in a college savings plan this fall, you may want to contact your Edward Jones financial advisor to see how this contribution affects college aid eligibility.

Ask the Expert

By Edward Jones

Edward Jones is an author, speaker and college education financial advisor. He is the author of ‘A Parent’s Guide to College Savings Plans’ and has appeared on national television. Edward Jones is also a frequent contributor to the ‘Today’ show and a regular contributor to the National Association of College Advisors (NACAT) annual conference, where he teaches college planning and financial aid strategies.

COMMUNITY

Water Quality Approved, continued from Page 1

She suggested that homeowners should have their well water tested once a year, looking for nitrate levels that are often present. She said that sufficient kits are available at hardware stores, or a sample could be submitted to a health department lab for investigation.

The kits also provide you facts on how to disinfect your well and water sources if you happen to have been the victim of the recent floods. In addition to flushing or draining the system, the disinfecting process used liquid bleach is all that is needed to ensure that you have clean water.

DIFFICULTY OF HAVING CORRECT INFORMATION

To illustrate the point about how agencies and citizens have difficulty identifying and sampling problem wells, Enríquez presented slides showing three maps. One was from the EPA (Environmental Protection Agency), one was from the City of Houston, and the third was from Harris County. All three supposed to show private wells within a 5-mile radius around the San Jacinto Waste Pits, but it was obvious that the information and locations on the maps differed considerably, leaving investigators with a problem.

She also showed a City of Houston MSD application from Southwest Shipyard, indicating that they had discovered contaminated shallow groundwater on their property. Some of this exceeded safe levels, some didn’t.

Letter from the Harris County Public Health department about WATER WELL SECOND SAMPLING

August 12, 2016

Dayton, TX 77535

Dear,

You recently participated in the Harris County Residential Drinking Water Well Sampling Project. Although initial analysis indicated presence of fecal coliform, we were unable to confirm this finding due to a laboratory error. As a result, it was decided that the water sample would be resampled. The second sample will be sent to a different laboratory for testing.

Analysis of the second sample showed that your well water does not contain detectable levels of disease-causing bacteria and the guidelines set by the Environmental Protection Agency for safe drinking water levels. No action is required at this time. Your well water is safe for consumption. The advisory to desalinate drinking supplies is no longer valid. You no longer need to use bottled water.

If you have any questions, contact Enríquez, Environmental Public Health, at 713-274-6860.

Sincerely,

Michael R. Enríquez
Harris County Environmental Public Health

The Rotary Interact Club of Galena Park High School 2015-16 donated a pink Breast Cancer Awareness Bench for the enjoyment of the Citizens of Galena Park, and the many visitors to the city. The bench was installed at the GP Swimming Pool, for patrons to rest in the waiting area. Above, Rotarians Maria Rodriguez, Carol Thompson, and Ernesto Paredes pose with members of the Interact Club. A percentage of the money raised by the youth club was donated to the Breast Cancer Awareness program.

Rep. Ana Hernandez celebrates birthday

This beautiful birthday cake didn’t last long, as the crowd at Ana Hernandez’ event was large, and had a good time at the Cadillac Bar on Shepherd Drive.

ANA IS STATE REPRESENTATIVE FOR DISTRICT 143, AND AS APPROPRIATE DURING “BACK TO SCHOOL” WEEK, REMINDS US SHE FIGHTS FOR SCHOOLCHILDREN IN THE LEGISLATURE.

Have you taken the Blood-Thinning Drug Xarelto®?

You may be entitled to Compensation.
