KEENEY'S PREVIEW: Texans put hopes on unproven QB; Sooner state could dominate Big 12

Change is afoot in the NFL as a new college football season begins. The Texans have made a dramatic move by acquiring quarterback Tom Savage from the Saints. Savage appears to be a solid addition, but he still needs to prove himself on the NFL level. The Patriots, who have a more experienced quarterback in Tom Brady, are still the team to beat in the division. The AFC West is wide open, with the Raiders, Chiefs, and Broncos all looking like strong contenders. In the NFC, the Rams and Seahawks have the potential to be among the league's best teams. The Giants and Cowboys have some question marks, but both have talented rosters. The Vikings, with a new coach in Mike Zimmer, are poised to make a statement in the NFC North. The Browns are in a rebuilding phase, but they have some promising young talent. The Giants and Cowboys have some question marks, but both have talented rosters. Offensive and defensive coordinators have been shuffled around, with new faces leading the way. The Rams have kannst Quarterback Jared Goff, who was drafted second overall, but he has yet to show his true potential. The Giants and Cowboys have some question marks, but both have talented rosters. The Vikings, with a new coach in Mike Zimmer, are poised to make a statement in the NFC North. The Patriots have a strong defense led by second-year head coach Bill Belichick, but they will need to improve their offense if they hope to win another Super Bowl. The Cowboys have a talented roster, but they will need to find a way to replace the loss of running back Ezekiel Elliott. The Bears have some promising young players, but they will need to prove themselves in the NFL. The Texans have made a dramatic move by acquiring quarterback Tom Savage from the Saints. San Jacinto College Accounting and financial services team.

The award is the highest form of recognition in govern-mental accounting and financial reporting. San Jacinto College first received financial reporting. San Jacinto College director of accounting and financial reporting, Dr. Anthony Cartwright, was named to the Distinguished Budgeting Award, award for the 2005-2006 fiscal year. The GFOA established the Certificate of Achieve ment for Excellence in Financial Reporting Program (GCOASB) for the 2017-2018 fiscal year. The GCOASB is a volitne organic effort among school districts, students and local school boards to go beyond the minimum re quirements of generally accepted accounting prin ciples to program comprehensive annual financial reports that evidence the spirit of transparency and full disclosure and then to recognize individual governments that succeed in achieving that goal. The GFOA is a nonprof it professional association serving more than 17,000 government finance professionals throughout North America with offices in Chicago and Washington, D.C.

Legislation would designate San Jac, other two year colleges as Maritime Centers of Excellence

PASADENA, Texas – The U.S. House of Representatives recently passed the National Defense Authorization Act (NDAA) that authorizes $586 billion in defense spending in fiscal year 2018, including the Domestic Maritime Centers of Excellence Act (H.R. 2286), sponsored by Reps. Gene Green (D-TX) and Rob Wittman (R-VA), to provide assistance and designate San Jacinto College and other selected community and technical colleges and workforce training centers as “Centers of Excellence.”

The Domestic Maritime Centers of Excellence Act would provide assistance and designate San Jacinto College and other selected community and technical colleges and workforce training centers as “Centers of Excellence.”

Both of the federal government focus on training, a large percentage of the current workforce is nearing retirement, technological advancements and the expansion of the Panama Canal are all factors that will compound the domestic maritime workforce shortage in the years ahead.

As Centers of Excellence, two-year colleges will be able to expand their capacity to train domestic maritime workers by admitting more students, training faculty, expanding facilities, creating new maritime career pathways from associate degree to baccalaureate degree programs, and awarding credit for prior learning experiences. Industry personnel service. Over the years, the federal government has designated and funded numerous Centers of Excellence at four-year universities—primarily to advance national research and development goals. Historically, Centers of Excellence programs have not benefited two-year colleges. The Domestic Maritime Centers of Excellence Act is unique and precedent-setting in that it expands the role of community and technical colleges.

The San Jacinto College Maritime Technology and Training Center on the Maritime Campus offers a full calendar of USCG-approved maritime courses. For more information and to register, visit sanjac.edu/maritime.
