Sheldon ISD's Giles retires, Kirchner appointed interim superintendent

Sheldon ISD announced recently that Dr. Vickey M. Giles retires effective June 15, 2015. 

Dr. Vickey M. Giles, serving as Superintendent for Sheldon ISD since the period of time that the District conducts a search for a new full-time superintendent. 

Mr. Kirchner is the current Assistant Superintendent for Administrative Services and the school district has full confidence in his ability to guide the District through this transition period. 

Outgoing Superintendent for Sheldon ISD Dr. Voytek M. Giles released the following letter June 2015: 

To Sheldon ISD Fam ily and Friends, 

I am grateful to have had the opportunity to work alongside you in this wonderful district. When I came to Sheldon ISD seventeen years ago, I did not imagine that the path I had just set foot on would lead from the doors of instruction at C. E. King High School, to the role of Assistant Superintendent, and finally to work as Superintendent of Schools in Sheldon ISD. 

I am very proud of the growth of our district as a great district. I am not the only one of this district—our students who make a great place for our students to learn and grow together, cried together, laughed together and have been a part of the Sheldon ISD Administrative Service, and the quality of education we provide to our students.

Jacinto City, TX. July 16, 2015 — The Discovery Youth Foundation (DYF) — a non-profit organization with a mission of empowering and involving students to develop and achieve in both business and governmental 

D Y F and the city of Jacinto City have a new joint venture to get students into politics and helping the community. 

Dr. Alan Lambert, M.D. receives a perfect attendance pin from Rotary Club president Rolanda Rodrigo, for his 89 years of faithful perfect attendance with the club.

**OPEN LETTER TO THE CITIZENS OF GALENA PARK**

Jul 1, 2015

I have lived and worked in the Galena Park and Northshore communities for many years and have been an active member of several community organizations. I have worked very hard to improve the city of Galena Park and am committed to see that our city continues to grow and prosper. 

In her hunger for power, she acts and speaks in ways that are contrary to the best interests of our city. She refuses to live up to her responsibilities, she refuses to listen to her constituents, she refuses to act in the best interest of our city, she refuses to allocate our city’s resources effectively, she refuses to listen to the people who are elected to represent them. 

I am asking all citizens to send the Mayor a letter expressing their concern about the Mayor's actions and asking her to resign. Please make sure to sign your letter and include your name and address.

Barrett Station celebrates Homecoming with parade

Barrett Station shows off its beauty as cars and prettiest girls ride the parade route last Saturday morning.

Crosby Volunteer Fire Dept’s new equipment

Crosby Fire rescue also acquired a shorter brother B-83, in case the rescue team is heading to the river fast or knocking out little problems that get bigger.

High temperatures pose safety threat this week

What is the danger?
The National Weather Service forecasts temperatures will hit nearly 100 degrees this week with the heat index (the “feels like” temperature) closing in on 108 degrees. These conditions can pose serious, even fatal, health hazards. The Harris County Office of Homeland Security & Emergency Management (HCOHSEM) reminds residents to take safety precautions during the hot summer months to avoid heat-related illnesses.

What you should do:

• Stay indoors as much as possible. If you don’t have air conditioning, stay in the coolest part of the house and use electric fans.
• Drink plenty of water regularly, even if you don’t feel thirsty. Your body needs fluids to keep cool.
• Avoid beverages with caffeine and alcohol.
• Slow down. Avoid strenuous activity. If you work outside, do it during the coolest part of the day.
• Eat smaller meals, but eat more often.
• Wear loose, lightweight, light-colored clothing and a hat.
• Always use sunscreen. Sunburn makes the body’s job of keeping cool more difficult.
• Although all are vulnerable to excessive heat, be sure to check on the elderly, children, and those who can’t get away properly.
• Ensure that your pets are provided with shade and adequate water.

Putting the value on education the Homecoming parade chose Deloise Richardson as the 2015 Grand Marshal of the parade owing to her 50 years in public education. Crosby ISD had floats for each of the schools during the parade, one for the staff and administrators also. The parade was extended to almost twice as long as it had previously been with much more Crosby participation this year.
Summer Fun at Alvin D. Baggett Center

Kiddie College meets 2nd and 4th Thursdays, 1:30 pm, for more information call 281-444-5000. The library is located at 15714 Wallisville Rd., Houston, TX. Call 713-674-1741 for more information.

Suspect wanted for assault

Harris County, TX - Crime Stoppers and Harris County Sheriff's Office are seeking the public's help in identifying the male described below.

On May 10, 2015, Rodriguez was located in the 1100 block of South Main Street in Wharton County, TX. Without permission, he entered the residence, he opened the door, and he stabbed a 65 year old female complainant and physically assaulted the victim. The suspect fled the scene on foot. Mr. Jaimes sustained a minor cut to the neck.

Anyone with information is urged to call the Crime Stoppers phone number:

1-800-352-TIPS

Big Vision for Our Students

Each year, we have added another grade to our K-12 school system. This year, we are excited to add kindergarten, and we are looking forward to seeing the impact this will have on our students.

Students at Tice Elementary will enjoy updated reading and media collections. The library has a major impact on the quality of a school and can help students by advocating the importance of reading and the quality of a school.

The students new reading council, Laura Bush Foundation, is grateful to the students new reading council. She inidated the lack of progress in im-
For ten years, I’ve been a certified scuba diver. While I can’t claim that I’ve been to all parts of exotic, international locales to explore underwater life, I have been to some fascinating and intriguing nonetheless. I’ve dived extensively in freshwater locations around the state.

When I learned to scuba dive, I did all of the work and studying from a thick workbook given to me by my instructor. Then, once a week for a month I think, I would have six hours of classroom time at Childress High School, drive two hours to Amarillo, and take classes in a public indoor swimming pool that started at 6:00pm. When the class adjourned at about 8:00pm, I’d drive home and then have the next week.

While the in-pool classes were finished, I still wasn’t done. When I graduated, the training was far from over. Part 1 was the self directed in-pool and out-of-pool study that was part of the training, and paid dive time. Part 2 was the in-pool open water practical training and supervised condition that necessitated the presence of safety divemasters. I couldn’t get comfortable with breathing underwater with scuba equipment, and finally took to the water under the watchful eye of another experienced diver. I made my initial trip to the Balloons State Park and took multiple trips a month of training, before I had my card.

The final part of scuba diving involved training to do on your own under actual conditions. Underwater training on any dive and all participants must be certified. I did my open water training at Balloons State Park and was certified to scuba dive one month of training, before I had my card.

Donald Dwight (Don) Shoemake, Crosby, TX was born November 27, 1939 to Edna Rebecka Shoemake and Dwight Shoemake in a log cabin the home of his maternal grandparents, five miles north of Bolivar, MO. He passed away June 30, 2015 at the age of 75.

Don was preceded in death by his parents, Rita Joyce Crochet Shoemake and Donald Dwight Shoemake. He was married June 7, 1977 to Joyce Joy Crochet, Crosby, TX in 1976 where they were both teaching. They spent most of their 37 years in Crosby, Texas. Joyce taught deaf children and children with learning disabilities for 23 years she taught at Hardin School North of Liberty, TX. Joyce was an expert computer user and a young woman she taught retaining. She played several musical instruments, enjoyed singing, and was an avid reader. She loved animals and always had dogs and cats sometimes both. She loved her school children like they were her own. She loved people and always had a story to tell about the kids. Joyce graduated from University of the Incarnate Word with a Bachelor of Arts degree in 1980, in San Antonio and attended many different Christian outreach programs because "there ain't no such thing as a stranger to no one. She was a blessing to all who knew her. A memorial service, to celebrate Beverly's life, is Saturday, the 25th of July, 2015, at Christ Episcopal Church, 17818 FM 2100, Deer Park, TX at 10:00 AM. Beverly will be remembered as a servant of God, the best means of humanity and was the epitome of a life well lived. She was an amazing person who had the heart of gold, the best means of humanity and was the epitome of a life well lived. She was an amazing person who had the heart of gold.

Beverly was especially effective at outreach, and found most of her service to be with her Lord and Savior. On July 9, 2015, at tumor with ALS. He is survived by his wife, Karen Sue, Crosby, TX; his daughter, Katherine Jones, Florence, OR, his daughter, Missy Baker, Jackson, TX; and his children: Mason & Malea, Step-children, Derek (Sarah) Brotherton, Round Rock, TX; and his grandchildren, Cordie, Mallory, and Phil, Austin, TX. Beverly was born January 17, 1952 in Port Arthur, TX, the son of Patsy Shoemake and Donald Shoemake. His family was nomadic, including Bakersfield, Crosby, TX, and Marcus in Shreveport, LA. Beverly was married in 1977 to Joyce Joy Crochet, Crosby, TX. She was a top saleswoman at B.J.'s in Houston, between Europe and Mexico. She led women's classes in prayer, Bible study and leadership training. She loved to teach, always eager to learn and always eager to help others learn. She loved to write and always found ways to put that love to paper. The new courses will allow students to work on abstract, algebraic and writing skills. They are designed to help students who struggle with reading and math. San Jacinto College, while English professor Dr. Karen Hattaway will teach the composition component. These courses are designed to help students who struggle with reading and math.

“The emphasis is on written expression. It’s on learning to think about this new career,” remarked Johnson. “They can be self-employed or work for Compaq companies. They can start their own businesses or work for large companies.”

The program at San Jacinto College includes classroom work, as well as the ability to earn an associate degree. Ficklin said that students are able to transfer to universities with ease. The average income of HVACR technicians and installers in the region for 2013 was $40,000, and those who are self-employed can earn more than $100,000 a year, especially those who are self-employed.

San Jacinto College offers a wide range of HVACR courses and degree programs. More information on these programs is available at 713-451-6240.
