Controversial Galena Park contracts tabled without action by Council

GALENA PARK COUNCIL MEMBERS decided to table the two contracts that were on the Agenda of the Special Meeting called for Friday, May 8 at 3 p.m.

City Administrator Robert Prater, and Chief Deputy Constable Chris Diaz, believe that they should have an employment contract with the city that defines employment terms and pay, and other employment terms such as vacation, personal time off, and termination. To date, their employment had only been at the resolution of the City Commissioners, as set at the previous meeting.

It was felt by the two members that the lack of a Charter Amendment calling for codification of their positions, that a formal contract would be advisable.

However, this action was not without controversy. Mayor Moya immediately stated that the parties involved did not understand that the Charter election was a vote against their office holding, especially the articles referring to their positions. She noted that the public vote was 2 to 1 against establishing these positions.

Mayor Moya awarded District Governor Lisa Faith Bill Parlko of the Houston Rotary Club recognition of Small Club of the Year.

Serious J. Moya, age 26, was charged with three counts of possession of child pornography and was released on his bond.

Mayor Moya had been in prison for about a month, as a defendant for the President District 3 Council’s office.

GPJC ROTARY CLUB

María Rodríguez awarded District 5890 “President of the Year”

At the Rotary District 5890 Convention, held in New Orleans, the district president was presented with the award for president of the Galena Park/Jacinto City Rotary Club with the award for president of the “Small Club of the Year.” She was nominated for the honor by Assistant District Governor, Mayor Esmeralda Moya, who has worked with her on a number of community events.

MAYOR’S SON ARRESTED FOR CHILD PORN

GALENA PARK – Early on the morning of Friday, May 8, a police task force from the Houston Police Department raided a home on 9th Street. They seized the computer, several computers, and child pornography.

Moya had been in prison for about a month, as a defendant for the Pres Club’s office.

Serious J. Moya, age 26, was charged with three counts of possession of child pornography and was released on his bond.

Mayor Moya had been in prison for about a month, as a defendant for the Pres District 3 Council’s office.

**CAPITAL UPDATE**

**Senator Garcia passes Elections Legislation**

AUSTIN – This week, Senator Sylvia Garcia passed two bills to reform election laws in Texas. Senate Bill 142 will allow counties to conduct mail ballot election trial runs that will help in identifying potential problems with voting materials for future elections. Senate Bill 214 will modernize voter registration laws, and House Bill 336 will allow counties to conduct count-by-county audits of voting systems to serve as evidence during legal proceedings.

"We need to reduce as many barriers to voting as possible, and I believe these bills take a good step in that direction. We have a long way to go in improving elections in the state and allowing for online and Election Day voter registration, but I believe these bills are a signal that Texas will be more proactive and proactive in changing election laws in the future."

**Rep. Hernandez protects bills for the families of fallen Peace Officers**

AUSTIN, TX – June 2, 2015 - The Governor signed Senate Bill 906, which builds on previous federal legislation, and House Bill 336, which addresses the needs of officers who have served in military and law enforcement. These bills will make sure that these men and women are rewarded for their service with the families of fallen peace officers.

"I want to thank my colleagues for working with me to help our law enforcement families when they lose their brave public servants," Hernandez said.

Texas Legislature passes Conservative Budget

The Texas Legislature approved a historically conservative 2016-17 state budget that prioritizes almost $4 billion in tax cuts, border security funding, priority education, and infuse the state with dollars for improving roads. The budget passed that session will help meet our country’s growing needs, keep our economy strong and increase spending under the state constitution.

The 2016-17 budget includes:

- No spending from the state’s Rainy Day Fund.
- $3.8 billion in tax relief, including a 25% Franchise Tax rate reduction, the smallest annual increase in the last 15 years and $25,000 pending voter approval.
- $800 million in increased border security spending.
- $9.5 billion increase for the State Highway Fund.
- $9.5 billion increase toward transportation infrastructure projects.
- A veto override on萨拉·甘塞尔 承认签的Signature.

Texas Becomes an Open Carry State

Final Budget still falls short of Funding State Priorities

AUSTIN — Four days before the June 1 end of the 84th regular session of the Texas Legislature, both houses finally agreed on a final budget for fiscal years 2016 and 2017. A 10-member conference committee worked out differences between the House and Senate versions of the budget. The house vote on final adoption of House Bill 1 was 135-37 at 13:35, the Senate vote was 20-17 at 12:01, with Governor Abbott for signature.

SENIOR SYLVIA GARCIA

With the help of our allies, we stopped a number of bills that would have had negative effects on Texas families across the state. This included the prevention of several key anti-choice and anti-gun measures from becoming law, including: sanctuaries laws, the DREAM Act, family planning, abortion, same-sex marriage recognition, and the interstate domestic violence prevention act.

SENIOR SYLVIA GARCIA

The Texas Legislature passed the 84th Regular Session.

AUSTIN - The Texas Legislature completed the 84th Regular Session as both chambers of the Legislature adjourned sine die. Senator Sylvia Garcia released the following statement:

"My priorities going into the session included education, health care, affordable housing, transportation and gun rights. I am very pleased to have this legislation passed in each of these areas."

**Diamond Jim... What is the birthstone for June?**
A relatively modern gem, Alexandrite, was first discovered in Russia in 1831 during the reign of the czarina. Czar Alexander I presented a few alexandrites to his wife ( CZARINA TSARITSA) with character-like qualities. The color is a lovely green in both daylight and fluorescent light, it changes color to a purplish red in incandescent light. Due to its clarity, beauty, and intensity, it is considered a rare and enchanting gemstone.

Synthetic gemstones, such as ruby, have been made since the 1920s, culminating in the creation of the first synthetic version of this gemstone. The most notable synthetics are produced from living sea creatures and require no heating or polishing to reveal their natural beauty. In the early 1900s, the first successful clarification of synthetic sapphire produced a gemstone that was indistinguishable from its natural counterpart.

**JUNE BIRTHSTONES**
The gemstone for June is the opal, and for July, the ruby.

For the past 15 years, students across America have been learning to read, write, problem-solve and explore. Most of these students have attended our public school systems. As each student prepares to graduate, they are ranked in their graduating class, according to GPA and test scores, that can determine their future path in life. It's competitive, and the difference between the top students is often hairbreadth of a percentage point. Regardless of how it measures out, the top students have put in many hours of hard work to get to where they are. The top 10 students are the top 10 students from local high school.
