Abby Gough will perform at Houston Rodeo.
The Crosby Education Foundation hosted its annual Golf Tournament to raise funds for CISD programs and to honor local school heroes on March 21 at the Newport Country Club. The tournament was a huge success, with 144 players participating in the event. The winning team consisted of Larry Escher, Ana Martin, and Julie Gilbert, who won the tournament with a score of 57. The Crosby Education Foundation will use the funds raised from the tournament to support local education initiatives.

The Crosby Education Foundation has awarded over $80,000 in grants to CISD teachers for the last year. These grants ranged from classroom equipment to professional development opportunities. The Crosby Education Foundation is committed to providing the best possible education for the students of Crosby Independent School District.

In other news, the Crosby Education Foundation will be hosting its annual Walk-a-Thon on March 27. The event will include a 5K run/walk and a 10K run. Registration is open now, and all proceeds will go to support local education initiatives. The Crosby Education Foundation is proud to serve the community and is committed to providing the best possible education for all students.
COMMUNITY, SCHOOL NEWS

Letters to the Editor

Dear Editor,

I like news about our community, the Obstetrics because some people care about these places. Please read this news of the community now and back.

I enjoy the local news. Please add "Taxes Sign 50%". News. They care institutions for San Jacinto College.

It is great to have a local news-paper open. We like to visit.

Brian Derrmelle

Community Calendar

Houston Library
- Thursday, March 13, 11 a.m. Baby Time, 1 p.m. Topical topics, 4 p.m. Archival topics.
- Thursday, March 19, 3 p.m. Family Movie Time: "1300 Guernsey St.", Galena Park, TX. Call 281-724-0068 for more information.

North Channel Library Events
- Thursday, March 13, 2:30 p.m. Baby Time
- Thursday, March 13, 8 p.m. "Introduction to Windows," Lec-ture and Presentation.
- Friday, March 14, 10 a.m. "Registration is required," 15341 W. Galena Park, TX 77059. Call 281-651-1631 for more information on other programs.

“Created Equal” film series at San Jac chronicles civil rights milestones

The "Created Equal" film series at San Jac will chronicle the long and sometimes violent effort to advance the rights enumerated in the Declaration of Independence for all Americans — life, liberty and the pursuit of happiness," commented San Jacinto College philosophy professor Edna Aliesen, who also serves as master of ceremonies for the film screenings. "The true stories document efforts of everyday people to stand up for their beliefs and make the world a better and more promising future for all of us. We hope these presentations will en-gender greater understanding about civil rights."

The "Created Equal" film set is made possible through a grant from the National Endowment for the Humanities, as part of its “Bridging Cultures” initiative, in partnership with the Gilder Lehrman Institute of American History. A visit to the Bible Museum

Several days ago, while traveling in southwest Colorado, I stopped at the Bible Museum, David and Idol Feldman’s museum in Basalt, Colorado, near Saguaro, Arizona. This was a new place for me and while we were in the Denver Bible Museum, we entered a campus building and found ourselves in a room with three immense stained-glass windows sponsored by the Ralph and Betty Fuqua Foundation, small and free to interact with the exhibits. The Bible Museum was free and the two of us each per person.

Being close enough to the fine art and craftsmanship of each per person.

Another specialty was the “Words” Bible, a late English translation, commended by English Review that proved to be the leading of the publishers. Most Bibles have manuscripts which date back to the 10th century—those that go back to the 10th to 15th century, the Bible Museum. We entered a traveling in southwest Colorado and saw some of the early Bibles written by Marks and others during the early centuries of the dark ages. I was amazed at the beauty, color, and detail of each page, the lighting and long hours. None of those with these early Bibles drawn to the beginning of creation, the ability to read and study the original text and study the writing in Latin and other languages that were the beginning of the Bible.

There are examples of the manuscript on which they were written in early years, samples of some of the early manuscripts, and a display of the work these people did in years past. There was a table with samples of how the work was done in different languages, and a table with samples of some of the early manuscripts, and a display of the work these people did in years past.

Three of the Bibles included in this traveling in southwest Colorado, the Tyndale Bible, which was the first Bible translated into English from Old and New Testament, Greek and Latin by William Tyndale at a time when English translations were illegal. He did not work in England, smuggled his manuscripts into England, we knew him best, he has been captured, expelled and burned in the middle of town, and his work was built upon by many since that time.

Traditionally, a birthstone is associated with each month of the year that is symbolically linked with precious stones, which represent the twelve tribes of Israel. The current list dates back to 1822 with only one addition since then. The stones are selected based on their color and number of facets to correspond with the months they represent.

The first month, January, is associated with the birthstone of garnet. This stone is typically red or brown and is made up of iron oxide. It is believed to bring good fortune and protection and is said to strengthen the wearer's willpower.

The second month, February, is associated with the birthstone of amethyst. This stone is typically purple and is made up of silicon dioxide. It is believed to bring clarity and stability to the wearer.

Cass County Hospital in北极圈, one of the few rural hospitals in the state, has received a $3.5 million grant from the Rural Health Association, which will be used to expand and improve its services.

The hospital has experienced a surge in patient volume over the past few years, and the grant will allow the hospital to expand its facilities and services to meet the needs of its patients.

The grant will be used to fund the construction of a new wing to the hospital, which will include additional patient rooms, a new emergency department, and an expanded ambulance bay.

The hospital's administration is very proud of the grant and the opportunity it provides to improve the quality of care for the hospital's patients.

Alan Morgan

The Galena Park High School Academic Team has been successful in the 2014-2015 academic year. The team has won several awards, including first place in the Skills USA Competition.

The team has been working hard to prepare for the competition and has been practicing for several months.

The Galena Park High School Academic Team is composed of students from a variety of academic disciplines. The team is led by Mr. Joe Gaul, welding instructor at Galena Park High School.

SCOUT ACHIEVEMENT

Eagle Scout awarded by Representative Wayne Smith

By Contributing Writer

The newest Eagle Scout, Charlie John Haydon Gonzalez, Dony received his Eagle Award on February 14, 2014. He was moved through the Scout ranks from Tenderfoot to Eagle. Haydon completed 12 merit badges, including archery, scounting, fishing, sailing, chess, first aid, personal fitness, citizenship, history of the nation, and emergency preparation. He has served in various troop leadership positions for a total of sixteen months and spent at least thirteen hours on troop service projects. His Eagle Service Project was Coastal Prairie Restoration at Lake Sheldon State Park and Hecelamore Center.

During his Eagle Award Ceremony at the Pasadena Yacht Club, Naval Officer Steven McIngvale gave the invocation and blessing. State Representative Wayne Smith, from District 128, presented Haydon with a certificate and a flag flown over the Texas State Capitol. Harris County Deputy J. A. Blaumann also named Haydon as an honorary member of the North Shore Rotary Club.

Mack also said his daughter Elizabeth, who has overcome a severe case of OCD or Obsessive Compulsive Disorder, is an example of hard work. But her treatment at the Miniker Clinic in Houston, which Mack donated, has allowed her to continue her time to working for a Mental Health Agency.

Congratulations, Haydon! - well done!
