Congresswoman Sylvia Garcia and House Democrats Pass Historic Immigration Reform Legislation

WASHINGTON, D.C. – After meeting with Congresswoman Garcia (TX-29) yesterday, House Democrats stood up and voted to pass the Dream Act, H.R. 6, the Dream and Promise Act, which would provide 1.8 million young adults who arrived to the United States as children with a pathway to citizenship and would provide relief from deportations to the 4.1 million Dreamers, TPS and DACA recipients. As the legislation passed today, Speaker Pelosi and members of House Democrats are celebrating the historic and bipartisan vote which passed the House with a final tally of 218-17.

In her remarks, Congresswoman Garcia said:

“With this bill, we will be able to change the lives of hundreds of thousands of Texans and many other Americans in their hearts and home and officially recognize that they are in fact Americans by their birthright and not just by their citizenship. The Dream and Promise Act creates pathways for citizenship for eligible Dreamers and DACA recipients, and it also includes an additional $2.5 billion to make TRS actuarially sound, which needed to happen before the state can increase on salary increases. The legislation also includes an additional $86 million in rate increases to support all healthcare providers through Senate Appropriations to support healthcare premiums.

Additionally, the legislation will require increased appropriations to support education through Senate Bill 7, which requires the state to administer in multiple days. Additionally, this bill is not a partisan issue to the majority of our citizens, and will now be sent to the Senate for consideration. The Trump Administration has recklessly thrown the lives of DREAMers, TPS, and DACA recipients into jeopardy. At every step, the President has not only delayed their right to stay but has continued to deport them from this country. That’s why House Democrats are acting now to end this indefinite suspension and provide a pathway to citizenship and make the Dream and Promise Act a reality,” Rep. Garcia said.

The bill passed the House of Representatives and will now be sent to the Senate for consideration.

WASHING TO N, D.C. – Today, Congresswoman Sylvia Garcia (TX-29) joined House and Senate Democrats to vote for a $56.6 billion package to fund early childhood programs. The bill also includes $8.6 million for rape crisis centers and SANE nurse centers to support community centers and SANE nurses, $1.7 billion to develop a Transportation Infrastructure Fund to reduce wait times, improve driver’s license program to make it easier for non-tolled highway construction; $230.8 million to cover the expansion of foster care; $5.1 billion to support community based care expansion for foster care; $230.8 million in rate increases to support all healthcare providers; $2.5 billion to make TRS actuarially sound, which needed to happen before the state can increase on salary increases; and $8.6 million in rate increases to support early childhood programs.

In her remarks, Congresswoman Garcia said:

“Today, I voted for this historic piece of legislation as an original co-sponsor. Rep. Espy continued, “With this bill, we will be able to change the lives of hundreds of thousands of Texans and many other Americans in their hearts and home and officially recognize that they are in fact Americans by their birthright and not just by their citizenship. The Dream and Promise Act creates pathways for citizenship for eligible Dreamers and DACA recipients, and it also includes an additional $2.5 billion to make TRS actuarially sound, which needed to happen before the state can increase on salary increases. The legislation also includes an additional $86 million in rate increases to support all healthcare providers through Senate Appropriations to support healthcare premiums.

Additionally, the legislation will require increased appropriations to support education through Senate Bill 7, which requires the state to administer in multiple days. Additionally, this bill is not a partisan issue to the majority of our citizens, and will now be sent to the Senate for consideration. The Trump Administration has recklessly thrown the lives of DREAMers, TPS, and DACA recipients into jeopardy. At every step, the President has not only delayed their right to stay but has continued to deport them from this country. That’s why House Democrats are acting now to end this indefinite suspension and provide a pathway to citizenship and make the Dream and Promise Act a reality,” Rep. Garcia said.

The bill passed the House of Representatives and will now be sent to the Senate for consideration.

WASHINGTON, D.C. – Today, House Democrats marked the beginning of the second day of the 2019 District 17 All Star Tournament at the North Channel Little League. The tournament featured 12 teams from throughout the district.

Congratulations to the North Channel Little League All Stars for being the top team in the North 1, 10 and 11 Year Old Division of the 2019 District 17 All Star tournament. The team made a great run for the championship playing 5 games in four days after losing the first game of the double elimination tournament. Great job guys and thanks for all the hard work.

Pictured from front, left to right: Ricco Gonzalez, Arturo Garcia, Daniel Correa, Damien Correa, Juan Slow and Daniel Olivas. Behind left to right: Jonathan Olivas, Alex Robles, Gami Garcia, Gali Ann Beltchen, Ronald Force, last picture and now retired coaches: Coaches from top left to right Elizabeth Rodriguez, David Rodriguez, Roland Rodriguez, Rudy Castillo and Nestor Olivan. Middle, left to right Damian Correa, Juan Sias and Daniel Olivas. Congratulations!!! To the parents of these young men and women who have been able to stay on top of their game of the double elimination tournament. Great job of the coaches Jacobs and Rodriguez. We are looking forward to the next year and in the meantime, have a safe summer and we will see you next year.
Ask Rusty — Older Father Seeks Benefits for Young Children and Wife

Dear Rusty: I was 62 in February and my 44-year-old wife and I have 3 young children. My Social Security retirement benefit is estimated to be about $3000 at age 70. We would like to delay my benefit until I am 70. Would my benefit be reduced between age 62 and 70? My retirement age is 67. How do I determine when in the range of between 72% and 80% of my extra benefit would be? Will my benefit be reduced because of my income? My benefit may be less than the estimated amount. Please help. P.S. I am also eligible for the Family Maximum as described above. Do your benefit start, your wife's or your children's? Signed: Older Father

Rusty: Based on your situation, your wife's benefit starts at age 62, but your benefit is delayed until age 70. While your benefit would be reduced by your income if your benefit was more than the estimated amount, your income would have to be $50,000 or more to qualify. If your income was less than this, your benefit would not be reduced. This is the case if you were under 62 years of age when you retired. If you were 62 or older, your income would have to be over $50,000 or you would have to have a family. Additional information on Social Security retirement benefits can be found at www.ssa.gov.

Questions about Social Security benefits can be answered by calling the toll-free number 1-800-772-1213.

Government’s signs safety bill, mental health bill

AUSTIN — Gov. Greg Abbott on June 6 signed a bill to improve school safety and enhance mental health resources. The bill, which was signed at Santa Fe High School on May 15, 2018, and the subsequent school safety roundtable, I made school safety an emergency issue to help prevent a tragedy like this from happening again,” Abbott said.

Today, I am proud to sign legislation to make Texas schools safer for students and teachers. I thank members from both houses, as well as the many stakeholders, who worked tirelessly to get these bills through the Legislature and to my desk today,” Abbott added.

“Sen. Bill 11, by Senate Education Chair Larry Taylor and sponsored by Rep. Greg Bonnen, strengthens threat assessment and preparedness and response protocols, improves school safety facilities standards, establishes better threat assessment mechanisms, and provides school access funding for school safety efforts,” Abbott said. “The bill also establishes the Student Child Mental Health Task Force, which will also be ‘unbearably fragile’ by the possibility of another lone actor, so our school districts must take every step to ensure every school is in compliance with the new law.”

House Bill 18, by House Education Committee Chair Walter P. “Bart”<HashMap>View from the Star Courier</HashMap> and sponsored by Sen. Kirk Watson, D-Austin, increases mental health services for students and other school professionals to aid in early identification and intervention; emphasizes improvements in mental health education for students, and improves access to mental and behavioral health services through school-based mental health counselors and the hiring of mental health professionals.

“House Bill 1397, by Rep. Colin Allred, D-Montgomery, and sponsored by Sen. Julie Johnson, D-Dallas, increases mental health services for students and other school professionals to aid in early identification and intervention; emphasizes improvements in mental health education for students, and improves access to mental and behavioral health services through school-based mental health counselors and the hiring of mental health professionals.”

“House Bill 1397, by Rep. Colin Allred, D-Montgomery, and sponsored by Sen. Julie Johnson, D-Dallas, increases mental health services for students and other school professionals to aid in early identification and intervention; emphasizes improvements in mental health education for students, and improves access to mental and behavioral health services through school-based mental health counselors and the hiring of mental health professionals.”

In 1922 the town of Crosby will celebrate its Bicentennial, or its 200th birthday. Local historians have been working on a book that will be a major amount of old photographs to publish in a book to commemorate the occasion.

Jody Fuchs presented some of his historical research to the Highlands Rotary club recently.

Jody Fuchs has been collecting historical information, at Star-Courier are being published in the monthly section of historical articles that titled “A Visual History of Crosby.”

Jody is writing a review of historical articles that are being published in the Star-Courier, and he also presented some of the information he has collected.

The first settlers in Crosby came about 1821, and as a sign of their community. It was known as a “Jack-kilts” nickname without a true reason. In 1823 there were about 250 families in the area, and Crosby was a prominent town. However, the town was abandoned at that time. After the railroad came through Crosby in 1860, it became the large town on the east side. By 1893 there were only about 1500 persons living in the town of Houston.

Crosby was populated by a rich mix of ethnic races, including Swedes, Czechs, Germans, and former slaves. As a sign of their commercial success, Crosby has a bank by 1913, 13 or 14 cotton gins, a bank, and a cotton gin.

Progress came early to Crosby and in 1913 they had phone service connecting local busineses and reaching out to towns such as Goose Creek, and in Texas, the first concrete roads built in Crosby was a massive amount of historical material, at

Mike Weindel named as new president of Dupré Logistics

The nation’s first Father’s Day was celebrated on June 19, 1910, in the state of Washington. However, it was not until 1972–1973 that Father’s Day became an official federal holiday in the United States. Father’s Day is now observed on the third Sunday of June.

The campaign to celebrate the nation’s fathers did not start with a single event or non-profit organization. Rather, the idea of celebrating the importance of fathers was born out of a need to commemorate the service of fathers during World War I and World War II.

In 1910, Washington, woman named Margaret鸝 & 猫。 Therefore, the nation’s first Father’s Day was celebrated on June 19, 1910.

Dupré Logistics announces that Mike Weindel has been appointed as president of the company effective June 1. Reggie Dupré will continue to focus on the role as CEO, working closely with the entire executive team, while Weindel oversees the operations of the company.

Reggie Dupré, Dupré Logistics CEO, said: “Mike’s leadership roles in transportation and logistics for over 20 years’ experience in the industry, his project management background, and his experience in asset management, human resources, and operations make him an ideal candidate to become a leader at Dupré Logistics.”

Weindel has spent 20 years in the transportation and logistics industry. He joined Dupré Logistics in July 2016 as vice president of Strategic Capacity Services.

“I have tremendous respect for Reggie’s dedication and leadership, said Weindel. “I am incredibly honored, humbled and energized to help lead the company into the next phase of forward thinking.”

4 firemen injured in fighting Channelview Industrial blaze

A fire atop a grain silo at the Cargill plant in Jacintoport last Monday sent four firefighters to the hospital.

The fire started Sunday night about 11 p.m. and several fire companies including Houston and Channelview responded.

The fire was in a silo at the top of the silo, and firemen had to climb about 10 stories to reach the top. They suffered from heat exhaustion, and four went to the hospital, with one kept for treatment of smoke inhalation. The others were released.

Property Tax Reforms, CONTINUED FROM PAGE 1

and lasting reform, "said Gov-
ernor Abbott. "Because of the
work by legislators this ses-
sion, we are ensuring that Tex-
as remains the best state in
the nation to live, work, start
a business, and raise a family.
By signing Senate Bill 2 into
law, we are making tremen-
dous strides to provide long-
awaited relief to Texas
homeowners and businesses."

Senate Bill 2 lowers the
property tax rollback rate to
3.5% for cities and counties.
Any increase to this rollback
rate in cities, counties, and
some special districts will re-
quire voter approval and au-
tomatically trigger a tax
ratification election. This roll-
back rate will be renamed the
voter approval tax rate going
forward.

SB 2 also requires taxing
units to post their budgets, tax
rates, and tax rate calculation
worksheets online. The bill
makes numerous improve-
ments to the appraisal and
protest process, such as pro-
hibiting an Appraisal Review
Board (ARB) from increasing
the value of a taxpayer’s prop-
erty above its initial value, in-
creasing training
requirements for ARB mem-
bers and arbitrators, and en-
titling taxpayers to the
evidence the appraisal district
plans to present at their ARB
hearing free of charge.
